

COMMERCIAL MANAGEMENT

SERVICE FLYER

Informed & Considered Commercial Management

PMCC provide a vast array of commercial management services for our clients across the industry spectrum.

These services commence from initial project idea, whereby PMCC provide high level financial advice on an initial business ideas or initial project advisory. We then develop with our clients their project feasibility report and outline budgets for the initial business proposal or project idea.

During design stage we provide value engineering services to analyse design solutions, materials and specifications to ensure that we are achieving the performance requirements of the same at optimal efficient costs.

Our commercial management services include procurement of main contractors, key contractors and all the way through to detailed trade contractors or trade suppliers. PMCC strategise the best procurement options against the clients requirements, then plan, action and monitor the same until conclusion of the project procurement.

For tendering contractor clients PMCC will provide full remeasurement of tender documents in order that bidding contractors have confidence as to the scope and extent of their works and as such limiting risks related to these matters in lump sum bid submissions.

Through the development of the project PMCC will support in terms of commercial forecasting, commercial controls and management of the same through projects to ensure robust forecasting takes place and that forecast margins are achieved. In addition PMCC will provide verification of quantities and variation management and valuation throughout until final accounting.
