

PLANNING

SERVICE FLYER

Planning Intelligence At Work

At PMCC, we provide a large array of planning services to ensure our clients have confidence, transparency and protection in terms of their project timing and completion. These include:

Planning Feasibility

From the very initial project idea, we create a robust and reliable programme for carrying out a project.

Then, we assess and review tender programmes as to practicality, logic, and realistic time period for carrying out the works.

In addition, perform third-party programme auditing to identify issues and provide programme assurance.

Client Project Programming

We develop the initial programme as the design progresses in terms of constructability and detailing.

Additionally, reviewing contractor's baseline programme on its logic, productivity outputs, the realism of the project, and compliance with the contractual obligations.

As well as reviewing progress onsite, contractors' progress updates and progress reports providing independent analysis and ensuring accuracy.

In order to maintain and complete the project on time, we also prepare mitigation/acceleration options to deal with events of delay.

Contractor Project Programming

We tender programme preparation to ensure the ability to deliver the project in the period stated within tender documents.
