

TURNING VISION INTO REALITY WITH PRECISION: ELEVATING PROJECTS WITH EXPERT REQUIREMENTS MANAGEMENT

WHO WE ARE & WHY US?

PMCC, founded in 2007, we obtained valuable experience from EPC project management and system engineering as a diverse and highly competent team. We are the experts in our field and now integrate AI to raise efficiency, productivity and quality upholding our excellent reputation as “Your Trusted Project Partner”.

WHAT WE DO

- **Scope management is one of the biggest challenges in any project.** Requirement management is the key solution — and we do it right. From expert requirement identification, complete documentation to change management, compliance and verification & validation, it's our forte.
- **From simple lists to comprehensive AI-driven database requirement management, we got you covered.** In most projects, the critical factor and challenge is stakeholder expectation management — we handle that for you.
- **Requirement management is challenging but essential** for maintaining consistent project tracking and successful audits. We have the expertise and tools to manage even the most complex systems.

NAVIGATING GLOBALLY

At PMCC, we cover a wide range of sectors, with proven expertise in EPC projects. We're always ready to support your project, no matter the location.
