PMCC
Your Trusted Project Partner

WHERE ENGINEERING MEETS ASSURANCE: SYSTEMS BUILT TO LAST

SYSTEM ASSURANCE

WHO WE ARE & WHY US?

PMCC was established in 2007, dedicated to deliver effective solutions to complicated business challenges facing the **Infrastructure, Engineering, Rail Systems, Technology & Communications and Energy sectors.** We provide these services for project stakeholders, developers, contractor, end-users, financing entities and operators to grow and develop their business.

WHAT WE DO

- **We believe** Systems Assurance requires a holistic approach to ensure complex systems meet their purpose, perform reliably and comply with standards throughout their lifecycle.
- **We cover all aspects** from Systems Engineering, Risk Management, RAMS, Requirements Management to Interface Management, Cyber Security Assurance, Compliance, Quality Assurance, Continuous Monitoring as well as Change Management.
- **We deliver** an integrated approach across the system lifecycle (V-Diagram) from concept and design, through implementation, Verification & Validation (V&V) to operation, maintenance and decommissioning or upgrading.
- **We outperform** with extensive experience and AI x AI integration into our processes and AI-enabled solutions.

NAVIGATING GLOBALLY

Our staff comprises of diverse professional backgrounds and cultures with various experiences across the industry. We are committed to meeting your project needs, regardless of complexity, from start to finish, staying true to our reputation for being **"Your Trusted Project Partner".**
