***"DRIVING THE FUTURE OF PROJECT MANAGEMENT
WITH SPEED AND EFFICIENCY" — PETER WYSS***

OUR SERVICES

Project Management

Your Trusted Project Partner

- **Project Leadership Anywhere:** Coordinating clients, contractors and stakeholders on-site or remotely for seamless execution and communication.
- **Powered by Tools & Standards:** Using Primavera P6, Jira and cloud platforms with CPM, EVM and PMI®/IPMA® standards to manage complex projects.
- **Smart & Flexible Control:** Blending on-site, remote and AI-driven methods – including drones and real-time analytics – for full transparency and risk control.

Requirement Management

Cost Efficiency & Razor-Sharp Scope Management

- **Expert Requirement Management:** From identification to validation, we handle every aspect of requirement management with precision.
- **AI-Driven Solutions:** Managing requirements and stakeholder expectations with tailored, AI-enhanced tools.
- **Seamless Traceability:** Ensuring consistent lifecycle tracking and audit success, even for the most complex systems.

System Assurance

Where Engineering Meets Assurance: Systems Built to Last

- **Holistic Assurance:** Ensuring complex systems perform reliably and meet standards throughout their System Engineering lifecycle.
- **Comprehensive Coverage:** From risk management and RAMS to cybersecurity and compliance.
- **Lifecycle Expertise:** Managing every stage from design to decommissioning, integrating AI-driven solutions for optimal performance.

Planning, Monitoring & Control

It's the Planner – Not the Tool!

- **Complete Project Lifecycle:** From L1 milestones to 5D planning, we cover every phase with precision.
- **Optimised Scheduling:** We ensure seamless communication, productivity and resource optimisation for efficient project delivery.
- **Proactive Control:** Using CPM, EVM and AI tools, we provide real-time tracking and reporting for on-time, on-budget results.

Learning, Development & AI Consulting

We Create Your AI Success with Our AI Formula

- **Project-Driven Integration:** Tailored AI solutions aligned with your business strategy to boost productivity and automate processes.
- **Holistic Leadership:** We combine AI tools with leadership coaching (executive team, group coaching) to drive results and long-term success.
- **Risk & Assurance:** Experts in cybersecurity, risk evaluation and business continuity, ensuring secure AI adoption.

OUR EXPERTISE

Who We Are

PMCC was founded in 2007 and over the last two decades we have obtained valuable experience from EPC project management and system engineering with a highly diverse and competent team.

We are the experts in our field and now integrate AI to raise efficiency, productivity and quality upholding our excellent reputation as “Your Trusted Project Partner”. We master new technologies to exceed client expectations and maintain our reputation for excellence.

Our Core Capabilities

- **We are Project Managers:** Delivering end-to-end project life cycle management from engineering to construction with AI-driven efficiency to optimise quality, time and cost.
- **We are Risk & Systems Assurance Experts:** Addressing cybersecurity concerns, evaluating risks and developing robust business continuity plans.
- **We are Systems Engineers:** Managing complex system integration, ensuring compliance and delivering seamless project oversight.
- **We are Compliance Specialists:** Using advanced tools like ComplyPro and Doors to build traceability matrices and ensure full contractual compliance.
- **We are Coaches and Engineers:** Guiding your teams to seamlessly integrate AI into daily operations, aligned with your business strategy and culture.
- **We are AI Experts:** Providing clear scopes, timelines, and budgets for tailored AI integration to drive productivity and automate processes.
- **We are Holistic Leaders:** Combining AI with leadership to deliver real results – our AI x AI formula transforms your business.

Why Us

At PMCC, **we don't just manage projects – we drive them to success.** Backed by 30+ years of innovation and expertise, we deliver tailored solutions that exceed expectations and align with your vision.

Trusted for our consistency, precision, and performance – clients return because we deliver.

Let's co-create the future of your project!

Global Reach

We are available for **projects worldwide**, combining our deep understanding of local cultures with the application of international standards. Our proven expertise in managing large-scale, complex projects ensures we consistently deliver excellence for our clients.

Project Highlights

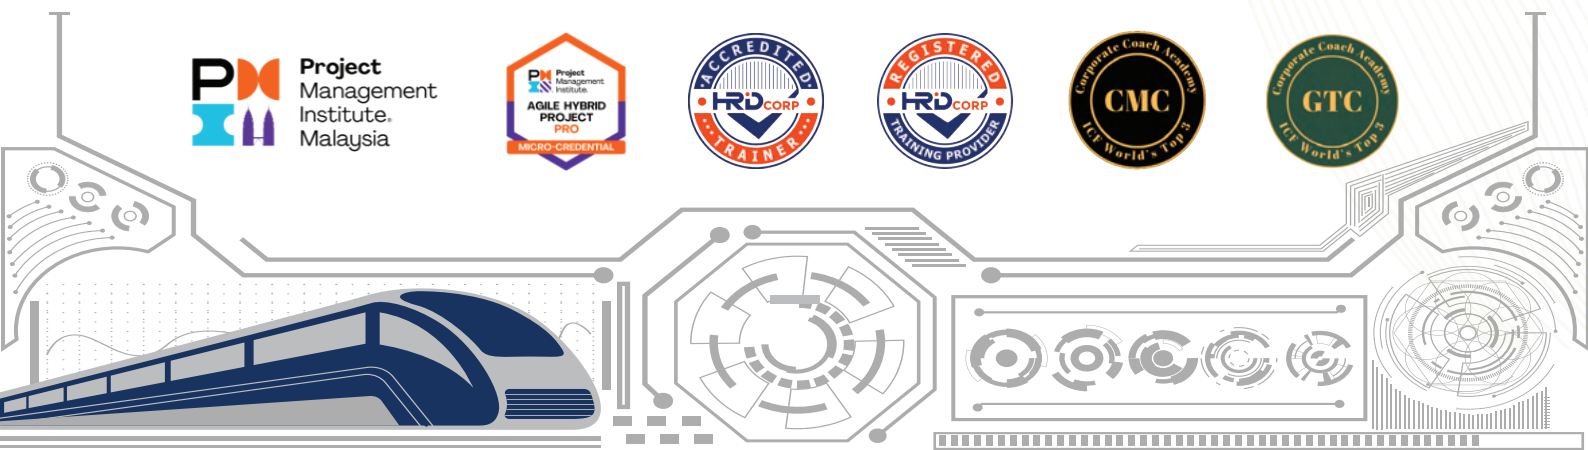

Malaysia

- Electrified Double Track from Gemas to Johor Bahru
- Rapid Transit System Link (RTS-Link) Malaysia - Singapore
- Autonomous Rapid Transit (ART) System for Kuching Urban Transportation System (KUTS)
- KVMRT Line 1
- KVMRT 2 Putrajaya Line
- LRT KLJ Extension
- KTMB North Double Track
- Tanjung Bin Power Station
- KLIA Airport People Mover (APM)
- Biogas Power Plant Projects

Indonesia

- LRT Jabodebek
- LRT Jakpro Phase 1
- LRT Palembang
- Biogas Power Plant Projects

Our Awards & Accolades

Learning, Development & AI Consulting

Empowering Learning, Conscious Leadership and Transformation

Approach

AI-Augmented Leadership

Our AI x AI formula combines Artificial Intelligence with Augmented Intelligence to transform your business and projects from the inside out.

Executive Coaching & Training

Tailored programmes designed to elevate project management, leadership presence or a team looking to collaborate more effectively.

Empowered Project Delivery

Preparing leaders and project managers to adopt an AI mindset and drive higher levels of performance and success in project execution.

Holistic Leadership Development

Focusing on the complete leader – mind, body and soul – promoting conscious leadership for long-term impacts.

Signature Offerings

Strategic Communication for Agile Leaders

Two-part programme focusing on leadership agility, growth mindset and team cohesion.

Data & Storytelling: Leading with Purpose in the Age of AI

Turn data into impact. Empower leaders to craft purpose-led narratives with AI-powered insights – shaping decisions and driving strategic outcomes.

Foundations for Conscious Leadership

Full-day programme for emerging leaders on self-awareness, emotional agility and authentic communication.

AI x AI and the New Professional Frontier

Full-day programme, exploring AI's Impact on the Future of Work, Conscious Leadership & Your Place in the TEC-World Ahead.

Transformational Leadership & Trust in Action

Full-day programme for mid/senior managers on advanced leadership skills and driving organisational change.

From Engineer to AI-Enabled Project Manager:

Two-day programme navigating Projects with Agility and Emotional Intelligence in an AI-driven world.

BRIDGE Model

BRIDGE Model one-day programme addressing intergenerational workplace challenges around Trust, Communication, Influence and Results.

The Need for Speed – A New Dimension for Learning

The ultimate guide to thriving by embracing daily learning, sip-sized sessions and AI-powered tools.

BE AI-ENABLED WITH PMCC
