

WHO WE ARE & WHY US?

PMCC was founded in 2007 and over the last two decades we have obtained valuable experience from EPC project management and system engineering with a highly diverse and competent team.

We are the experts in our field and now integrate AI to raise efficiency, productivity and quality upholding our excellent reputation as “Your Trusted Project Partner”. We master new technologies to exceed client expectations and maintain our reputation for excellence.

At PMCC, **we don't just manage projects – we drive them to success.** Backed by 30+ years of innovation and expertise, we deliver tailored solutions that exceed expectations and align with your vision.

Trusted for our consistency, precision, and performance – clients return because we deliver.

WHAT WE DO

Your Trusted Project Partner

- **We cover** the entire project life cycle, tailoring processes for efficient delivery and coordinate among all stakeholders with agile principles and get the job done.
- **People:** Our team brings years of technical, leadership and large project management experience coupled with the necessary certifications and accreditations.
- **Project Leadership Anywhere:** Coordinating clients, contractors and stakeholders on-site or remotely for seamless execution and communication.
- **Powered by Tools & Standards:** Using Primavera P6, Jira and cloud platforms with CPM, EVM and PMI®/IPMA® standards to manage complex projects.
- **Smart & Flexible Control:** Blending on-site, remote and AI-driven methods – including drones and real-time analytics – for full transparency and risk control.
- **With AI analytics and our personal honesty,** we offer real-time monitoring and seamless project controls.
